**TYPE OF DETERMINATION:** Preliminary ☐ Or Approved ☒

**ADDITIONAL INFORMATION SUPPORTING NJD (e.g., paragraph 1 – site conditions; paragraphs 2-3 – rationale used to determine NJD, including information reviewed to assess potential navigation or interstate commerce connections; and paragraph 4 – site information on waters of the U.S. occurring onsite):** I reviewed the site and determined that several of the wetlands are hydrologically isolated and depression within the landscape. My best professional judgment based on my field determination was that the wetlands are hydrologically isolated and not jurisdictional for Section 404 of the Clean Water Act..
